IVQs in Motor Vehicle Engineering (3905/8905)

IVQs in Vehicle Maintenance and Repair (4101)

City & Guilds is one of the world's leading vocational education businesses, with over 130 years of experience in designing qualifications and skills development solutions for governments and industries.

Since 1878, millions of learners have used our qualifications to enhance their skills and today millions more are studying to achieve a City & Guilds certificate to realise their potential.

We operate in over 80 countries and have developed a dedicated international portfolio which covers a wide range of subject areas, including motor vehicle engineering and vehicle maintenance and repair.

Our qualifications offer great progression opportunities and are widely accepted by employers around the world as the benchmark for workplace excellence.

Organisations featured in this document only are some of the many prestigious institutions and employers that recognise the following International Vocational Qualifications (IVQs), as shown in their individual statement:

- Level 1 IVQ Certificate in Motor Vehicle Systems
- Level 2 IVQ Technician Certificate in Motor Vehicle Systems
- Level 2 IVQ Diploma in Motor Vehicle Systems
- Level 3 IVQ Technician Diploma in Motor Vehicle Systems
- Level 3 IVQ Advanced Diploma in Diagnostic Techniques
- Light Vehicles/Heavy Vehicles
- Level 3 IVQ Advanced Technician Diploma in Diagnostic Techniques

HIGHER EDUCATION RECOGNITIONS

United Kingdom

Institutions featured in this section are examples of universities and colleges which have recognised appropriate level(s) of the IVQs in Motor Vehicle Engineering (3905) for admission to the relevant degree or degree-linked programmes, with the possibility of exemptions where applicable, as shown in each individual entry.

Levels shown indicate the levels accepted as minimum requirements.

Recognition and successful completion of the recognised level(s) do not guarantee admission and each application will be considered on an individual basis.

Applicants will need to meet all other academic and non-academic entry requirements, including the English language proficiency set by the recognising institution.

Durham University

www.dur.ac.uk

The University welcomes applications from holders of a Technician Diploma or Advanced Technician Diploma.

All such applicants will be treated on an individual basis, and considered on the merit, not only for entry itself, but also for any form of accreditation of prior learning or Advanced Standing which might be appropriate.

All Engineering programmes require evidence of performance in Maths to the equivalent of at least grade B at A level.

Durham University is one of the UK top universities and the third oldest in England, behind Cambridge and Oxford. There are around 15,000 students, including over 3000 international students from more than 120 countries.

Durham is consistently ranked amongst the leading universities in the world and recognised for having world-class research in every single area of assessment across the sciences, social sciences and humanities. The University's MBA programme was ranked at eighth position in the UK and 53rd in the world, by the Economist.

Entrance requirements are among the highest in Britain, but the dropout rate of less than 3 per cent is also among the lowest in any university.

The city is picturesque and students who are lucky enough to secure a place at the University live and study in the midst of a world heritage site. University College, also known as the 'Castle', was founded in 1832 and is the oldest university building in the world.

Durham is a centre of sporting excellence and has outstanding sport facilities. About 90% of the students play sport regularly.
