The recommended time allowance for this assignment is **two hours**.

Level 2 Computer accounting software (CAS 7574-217)

Candidate instructions

Time allowance: Two hours

The assignment:

This assignment is made up of **nine** tasks

- Task A - prepare a PC, printer and stationery
- Task B - input customer and supplier invoices and credit notes
- Task C - produce sales and purchase reports
- Task D - enter customer receipts and supplier payments
- Task E - produce customer and supplier reports
- Task F - enter transactions into the nominal ledger
- Task G - produce reports and transaction details
- Task H - use audit tools and management controls
- Task I - create a backup

Scenario

It is 1 June 2010.

You have recently found employment with Cellini Arts Ltd, a small specialised art dealer. You are responsible for the accounting functions of the company which sells art to individuals, large corporate and stately homes. You are also responsible for requesting any stationery supplies and consumables.

New accounting software has been purchased and installed. It is your role to use the software to record all transactions and produce reports when required.

The software has been installed and some accounting policies, including coding structures have been defined within the company. Some accounts for the nominal ledger, customers and suppliers have been set up. The financial year started on 1st May and data relating to May transactions has already been entered onto the system.

There are a number of transactions to enter on the system. Your manager has defined the tasks which he sees as a priority. He has marked these tasks as tasks A to I and he would like you to try to complete these tasks.

Read all of the instructions carefully and complete the tasks in the order given.

Note: Throughout this assignment you will be asked to answer questions and to enter current values from the accounts. The answers and values can be entered onto this question paper or, if provided by the centre, an answer sheet. Ensure that your name is written or typed onto any documents forming the answers to this assignment.

Task A – prepare a PC, printer and stationery

- 1 Start your computer.
- 2 Access the accountancy software package.
- 3 Log on using the password provided by your assessor.
- 4 Check that there is a printer available for use.
- 5 Check that suitable stationery is available for use with the software.
- 6 Ensure that you have a suitable storage medium for backup purposes.
- 7 Your line manager has sent to you **two** memos asking for information. Using the **Answers** document, provided by your assessor, write a brief response to each of his queries.

Task B – input customer and supplier invoices and credit notes

- 1 You receive the following memo. Create accounts for the new customers using suitable customer codes. You should use the existing scheme which uses the first three characters of the customers' name followed by 001 or, if that code is already in use the next available number in the series (001 ...002...003).
