International Spoken English for Speakers of Other Languages

The learning resources for the International SESOL awards consist of 3 student books, 3 teacher's books and 3 CDs, each fully mapped to two levels of the award. Each student book has around 200 activities per book, many with illustrations, while the teacher's books contain suggested answers for exercises. These materials offer valuable test practice and are designed to aid confident test performance.

Introductory offer

City & Guilds would like to invite you to take advantage of a special **10% discount** on sets of a single title. This offer applies to classroom sets of 10 copies of a single student book; or centre sets of 5 copies of a single teacher's book or CD.
